eTIGER SECURITY

- REMEMBER your UserID and Password, NEVER share them with anyone.

- Immediately change your given password. This password protection is YOUR security for attestation to your data, i.e., your electronic signature.

- The SDE does NOT have access to your password—we can only reset your password.

- If the CTE director needs to reset the director password, the director sends an email to Tina.McNeal@state.tn.us with email subject as "Reset Password".

- If the teacher needs to reset the teacher password, the teacher sends an email to Tina.McNeal@state.tn.us with email subject as "Reset Password" and copy the email to the CTE director as well.

- Teachers will only have *eTIGER* access to the classes they teach. (Classes accepted by the school approval process.)

- CTE Director of each system will be able to access all classes of their own school system.

- CTE Directors may log in to *eTIGER*, click on "District Teacher" to see your list of teachers with *eTIGER* access.

- Refer to "*eTIGER* Teacher Access" at this web site or "Help" at *eTIGER* reporting application to update the teacher access.

Attitude is everything…
